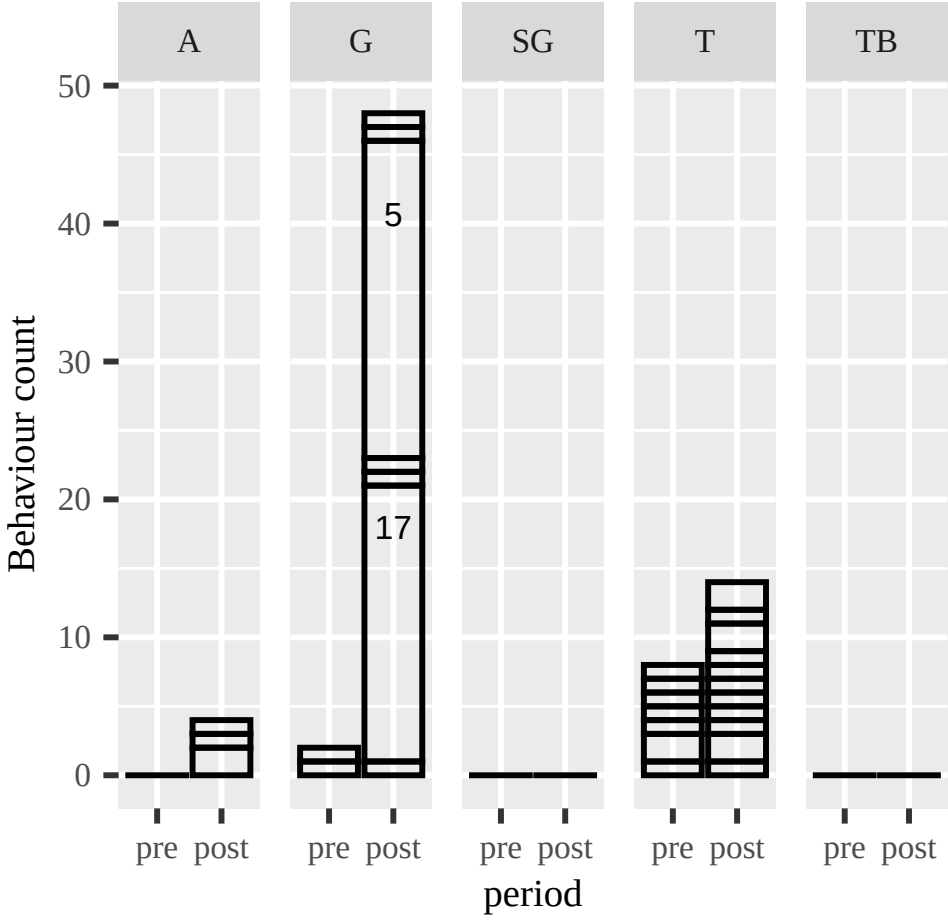
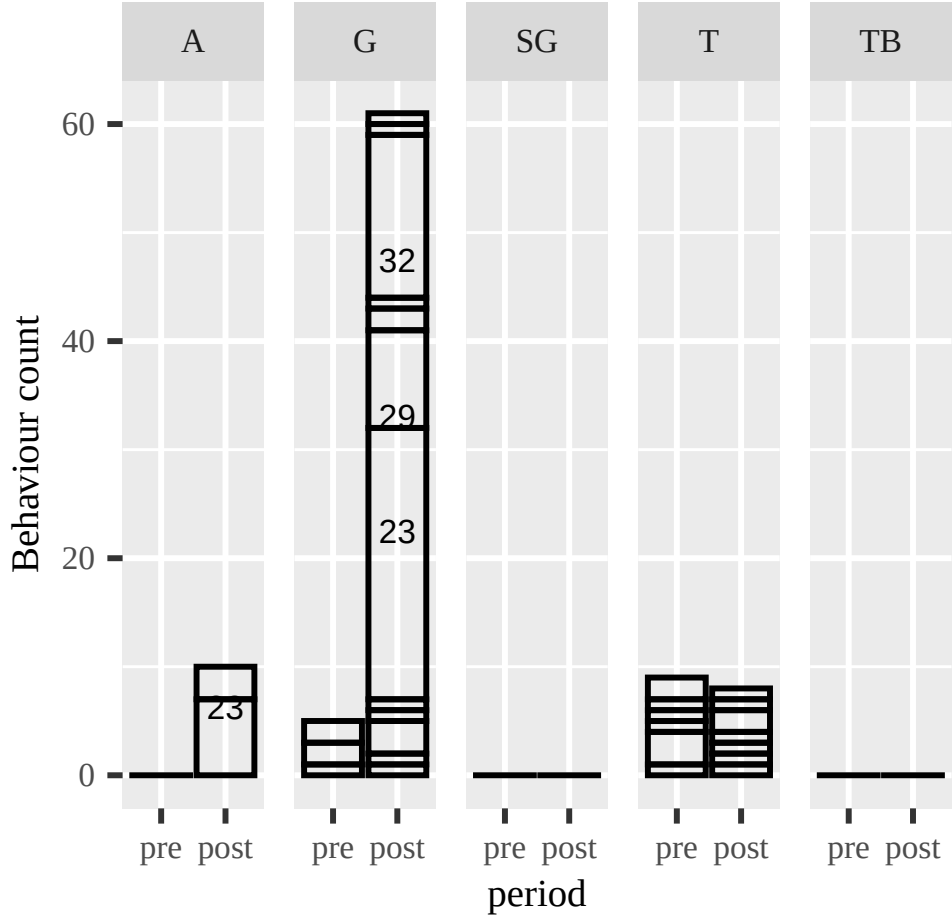
Behaviour frequency by Receiver
by exposure period (colony: R3SP)

stacked bar label represents the AntID.
black label= pathogen treated ant



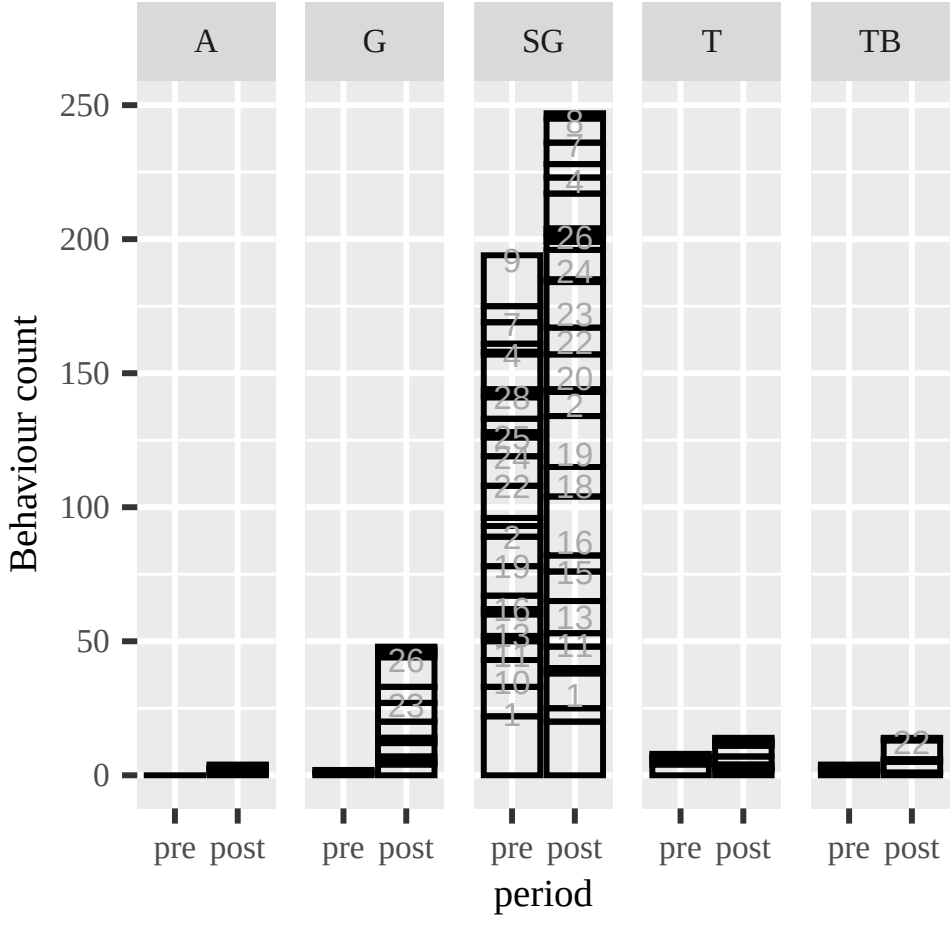
Behaviour frequency by Receiver
by exposure period (colony: R9SP)

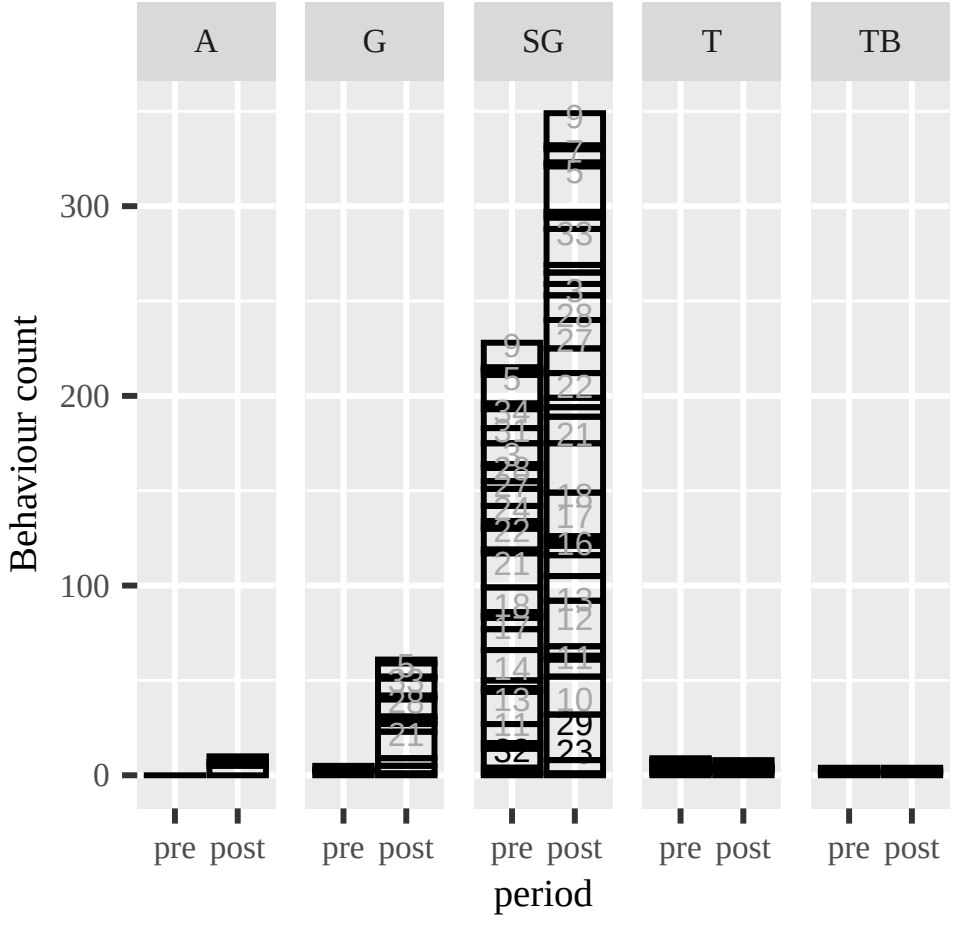
stacked bar label represents the AntID.
black label= pathogen treated ant



Behaviour frequency by Actor
by exposure period (colony: R3SP)

stacked bar label represents the AntID.
black label= pathogen treated ant



Behaviour frequency by Actor
by exposure period (colony: R9SP)


stacked bar label represents the AntID.
black label= pathogen treated ant
